

Appendix C

Data Table: $K^+\Sigma^0$ Differential Cross Section

This appendix contains tables of numerical values for the $K^+\Sigma^0$ differential cross section. The table consist of thirteen columns, which are interpreted as follows:

1. Column 1: Lower limit of E_γ bin (GeV)
2. Column 2: Nominal midpoint of E_γ bin (GeV)
3. Column 3: Corrected midpoint of E_γ bin (GeV)
4. Column 4: Upper limit of E_γ bin (GeV)
5. Column 5: Lower limit of W bin (GeV)
6. Column 6: Nominal idpoint of W bin (GeV)
7. Column 7: Corrected midpoint of W bin (GeV)
8. Column 8: Upper limit of W bin (GeV)
9. Column 9: Lower limit of $\cos(\theta_{KCM})$ bin
10. Column 10: Midpoint of $\cos(\theta_{KCM})$ bin
11. Column 11: Lower limit of $\cos(\theta_{KCM})$ bin
12. Column 12: $\frac{d\sigma}{d(\cos\theta_{KCM})}$ in $\mu barns$.
13. Column 13: Error on datapoint. Expressed in $\mu barns$.
