NOTES

The benefits herein are subject to the terms and conditions set forth in the *Evidence of Coverage* form number OHP.HMO.EOC.7.08

- 1 Out of Pocket Maximum means the total amount a Member and/or eligible Dependent pays during a Calendar or contract year. Applicable Copayments or Coinsurances for non-biologically based outpatient mental health care, vision care, outpatient prescription drugs, any ridered benefits except morbid obesity, any covered medical expenses paid at a rate of 50% or less, do not count toward the Out-Of-Pocket Maximum and must continue to be paid after the Out-Of-Pocket Maximum has been met.
- 2 Coverage for obstetrical services as an inpatient in a general Hospital or obstetrical services by a Physician shall provide such benefits with durational limits, Deductibles, Coinsurance factors, and Copayments that are no less favorable than for physical Illness generally. If the Plan charges a Global Copayment for prenatal, delivery, and postpartum services the Member is entitled to a refund from the Delivering Obstetrician if the total amount of the Global Copayment for prenatal, delivery, and postpartum services is more than the total Copayments the Member would have paid on a per visit or per procedure basis.
- 3 Benefits are payable at the percent specified of the Plan's fee schedule.
- 4 Amounts in excess of a benefit dollar limit and/or visit limit as stated in the Face Sheet or added by a Plan rider are excluded from Coverage.
- 5 All Emergency, Urgent Care, Ambulance and Emergency Mental Health Services may be subject to Retrospective Review to determine the Plan's responsibility for payment. If the Plan determines that the condition treated was not an emergency, the Plan will have no responsibility for the cost of the treatment and the Member will be solely responsible for payment. Members who receive Emergency Services from Non-Plan Providers may be responsible for charges in excess of what would have been paid had the emergency care been received from Plan Providers. In no event will the Plan be responsible for payment for services from Non-Plan Providers where the service would not have been covered had the Member received care from a Plan Provider.

Members are entitled to receive the following FDA-approved prescription drugs, when prescribed by a participating Physician, from a participating pharmacy or from a non-participating pharmacy that has agreed to accept as payment in full reimbursement from the Plan at the same level as the Plan gives to participating pharmacies.

Recommendations on drug coverage are made by the Pharmacy and Therapeutics Committee composed of physicians and pharmacists. The committee looks at the medical literature and then evaluates whether to add a drug to, or remove a drug from the preferred/standard drug list. Efficacy, safety, cost, and overall disease cost are factors that are taken into consideration. Selected drugs may require your physician to obtain Pre-Authorization from the Plan in order to be covered. The Pharmacy and Therapeutics Committee may establish monthly quantity limits for selected medications. Members will be responsible for all applicable Copayments, Coinsurance, or Deductibles depending upon which Tier a drug is placed in. Covered prescription drugs are placed into Copayment tiers according to the following:

- **Preferred (Tier 1) include:** The majority of commonly prescribed and widely available generic drugs. Preferred drugs are covered at the lowest Copayment level. Some brand-name drugs may be included in this category if the Plan recognizes they show documented long-term decreases in illness and death. Large published peer-reviewed clinical trials are used to make this determination.
- **Standard (Tier 2) include:** Brand-name drugs that are considered by the Plan to be standard therapy; and generic drugs with significantly higher costs than the average Preferred (Tier 1) generic drugs, that are considered by the plan to be standard therapy.
- **Premium (Tier 3) include:** Those generic and brand name drugs not included by the Plan on another tier. These may include single source brand name drugs that do not have a generic equivalent or therapeutic equivalent. Drugs on this tier may be higher in cost than equivalent drugs, or drugs determined to be no more effective than equivalent drugs on lower tiers.
- **Premium Plus (Tier 4) include:** Those generic and brand name drugs not classified by the Plan as Preferred (Tier 1), Standard (Tier 2), or Premium (Tier 3); those drugs not excluded from Coverage under the Pharmacy Rider; and those drugs that are not recognized by the Plan to be any more effective than other drugs available at the Preferred (Tier 1), Standard (Tier 2), or Premium (Tier 3) tiers or over the counter.

Member Copayments

- \$10.00 Copayment for Preferred (First) tier drugs.
- \$20.00 Copayment for Standard (Second) tier drugs.
- \$40.00 Copayment for Premium (Third) tier drugs.
- \$40.00 Copayment for Premium Plus (Fourth) tier drugs.

- \$80.00 Copayment for Premium (Third) tier drugs.

Certain prescription drugs will be covered at a generic product level established by the Plan. If a generic product level has been established for a drug and the Member or prescribing Physician requests the brand-name drug or a higher costing generic, the Member must pay the difference between the cost of the dispensed drug and the generic product level in addition to the Standard or Premium tier Copayment charge.

All covered outpatient prescription drugs have been approved by the Food and Drug Administration and require a prescription either by state or federal law.

All compounded prescriptions require prior authorization and must contain at least one prescription ingredient.

Some drugs require Pre-Authorization from the Plan in order to be covered. The Physician is responsible for obtaining Pre-Authorization.

Benefits will not be denied for any drug prescribed, on an inpatient or outpatient basis, to treat a covered indication so as long as the drug has been approved by the United States Food and Drug Administration for at least one indication and the drug is recognized for treatment of the covered indication in one of the standard reference compendia or in substantially accepted peer-reviewed medical literature.

Benefits will not be denied for any drug, prescribed on an inpatient or outpatient basis, approved by the United States Food and Drug Administration for use in the treatment of cancer on the basis that the drug has not been approved by the United States Food and Drug Administration for the treatment of specific type of cancer for which the drug has been prescribed, provided the drug has been recognized as safe and effective for treatment of that specific type of cancer in any of the standard reference compendia.

Benefits will not be denied for any drug, prescribed on an inpatient or outpatient basis, approved by the United States Food and Drug Administration for use in the treatment of cancer pain for the reason that the dosage is in excess of the recommended dosage of the pain relieving agent, if the prescription has been prescribed for a person with intractable cancer pain.

The Pharmacy and Therapeutics Committee may establish monthly quantity limits for selected medications. Please call Member Services with any questions about what tier a particular prescription drug falls under and any applicable quantity limits. This information is also available at the Plan's website www.optimahealth.com.

In order to ensure a prompt response to any clinical emergency, a 24-hour crisis hotline is available after normal business hours, weekends and holidays.

This rider includes Covered Services for expanded vision care services in lieu of Preventive Vision Care Benefits.

EyeMed Vision Services administers this benefit for vision care services and materials. Each Covered Person is eligible to receive a routine eye examination, refraction, and lenses, frames, and contact lenses once every 46 months from an EyeMed network provider for the Copayment of \$37, per eye examination and materials.

Contact lens examinations require the eye examination Copayment plus the difference between the contact lens examination cost and the eyeglass examination cost. Lenses (single, vision, bifocal, trifocal) are covered in full. Frames are covered in full up to \$100 retail. Contact lenses (in lieu of glasses) are also covered in full up to \$100 retail.

For eye examinations from Out-of-Network providers, Members will be reimbursed \$30 for an eye examination only.

Copayments or Coinsurance for Covered Services under this rider are not applied toward any Plan maximum out of pocket and must continue to be paid after the maximum is met.

To receive Covered Services:

1. Select a participating EyeMed Vision Services network provider from the Plan's provider directory or by calling EyeMed at 1-888-610-2268. 2. Visit or call the participating provider and identify yourself as a member by providing your Member ID information. The provider will verify eligibility, your Plan's Covered Services and any applicable Copayment or Coinsurance. Payment is due when you receive services.
3. If the vision provider determines that you need additional medical care you should contact your Plan Physician.

Out-Of-Network Claim Form

Most EyeMed Vision Care plans allow members the choice to visit an in-network or out-of-network vision care provider. You only need to complete this form if you are visiting a provider that is not a participating provider on the EyeMed network. Not all plans have out-of-network benefits, so please consult your member benefits information to ensure coverage of services and/or materials from non-participating providers.

If you choose an out-of-network provider, please complete the following steps prior to submitting the claim form to EyeMed. Any missing or incomplete information may result in delay of payment or the form being returned. Please complete and send this form to EyeMed within 1 year from the original date of service at the out-of-network provider's office.

1. When visiting an out-of-network provider, you are responsible for payment of services and/or materials at the time of service. EyeMed will reimburse you for authorized services according to your plan design.
2. Please complete all sections of this form to ensure proper benefit allocation. Plan information may be found on your benefit ID Card, or via your human resources department.
3. EyeMed will only accept **itemized paid receipts** that indicate the services provided and the amount charged for each service. The services must be paid in full in order to receive benefits. Handwritten receipts must be on the provider's letterhead. Attach itemized paid receipts from your provider to the claim form. If the paid receipt is not in US dollars, please identify the currency in which the receipt was paid.
4. Please include a copy of your Explanation of Benefits if submitting for a Secondary Insurance Benefit.
5. If the reimbursement is to be sent to someone other than the primary subscriber, a copy of a cancelled check or credit card receipt (in addition to the paid itemized receipt) must be included. A copy of a receipt showing payment in cash is also acceptable.

If applicable, check the box for payment to be addressed to the patient in lieu of the subscriber.

By signing below, you are representing that you are legally divorced or separated and the patient is entitled to the reimbursement. If it is later determined that the patient was not entitled to the reimbursement, you agree to refund EyeMed in full.

6. Sign the claim form below.

Alternative Medicine Discount Program

Each covered individual is offered a discount on acupuncture, chiropractic and massage therapy services administered by American Specialty Health Networks™ (ASHN). Participating providers extend up to a 25% discount off their usual and customary charges.

How to receive services

Select a participating complementary health care provider from the Plan's Benefit Information Guide or from the Web site optimahealth.com

Schedule an appointment with one of the participating providers. A physician referral is not necessary. The participating provider will develop, if necessary, a treatment plan for the member. There are no visit limitations. A change from a participating provider is permitted at any time.

In order to receive the complementary discount, present the member ID card to the participating provider at the time of service. The member is responsible for payment of services at each visit. There are no claim forms to file.

If chiropractic care is covered under the Plan's medical benefit, the member may find it beneficial to use this discount program after the annual Plan limit has been met, or for services not covered under that benefit.

Additional Information

For more information regarding this discount program, or to nominate a provider not yet in the network, please call ASHN's Member Services at 1-877-327-2746 or refer to the Plan's Web site optimahealth.com. ASHN's Member Service representatives are available from 8 AM to 9 PM (Monday-Friday).

Current members with questions regarding benefits should call Member Services at the number on the ID card. If considering enrolling for the first time and have questions, please consult with the group's Benefit Administrator. A Telecommunications Device for the Deaf (TDD) can be accessed by dialing 1-757-552-7120 or 1-800-225-7784.
