

Upcoming Meetings last updated February 11, 1999 3:09 pm

- **Hall C Hazard Training WalkThrough**

Tuesday, February 16th , 1:30PM

Meet at Hall C Counting Room

- **Brief MCC Experiment Synopsis**

Tuesday, February 23rd, 8AM MCC Conference Room

- **Experiment Overview / Status Report**

Tuesday, February 23rd, 10-11AM MCC Conference Room

This will be similar to the presentation given in early February describing the physics and scope of the experiment. A status report will be given.

If you went through the early February meeting you can pass on this meeting.

Otherwise, if you are working shifts you should attend this meeting if possible.

- **Accelerator Expert Training**

Wednesday, February 24th, 10-11AM MCC Conference Room

For persons working accelerator expert shifts and Ops personnel who want specific training for the experiment. We will spend about 30 min talking and about 30 min looking at a software demonstration.
