

UPSTREAM BENCH MEASUREMENT  
\*\*\*\*\*

Used unit: decimal degrees

Enter data in this order:

- Autocollimation
- Fiducial upstream of upstream bench #1
- Fiducial downstream of upstream bench #2
  
- Horizontal Distance (point A, up. fiducial)= 1996.00 mm #1
- Horizontal Distance (point A, down. fiducial)= 1975.00 mm #2

\*\*\*\*\*

Date:                    Name:                    Mesur. Nb 1  
 First measurement on  
 Encoder reading for upstream scanner of upstream bench:        118406 #1  
 Encoder reading for downstream scanner of upstream bench:    118407 #2

H1	H2	V1	V2	
				Autocoll.
				#1
				#2

\*\*\*\*\*

Date:                    Name:                    Mesur. Nb 2  
 First measurement on  
 Encoder reading for upstream scanner of upstream bench:        118405 #1  
 Encoder reading for downstream scanner of upstream bench:    118408 #2

H1	H2	V1	V2	
				Autocoll.
				#1
				#2
