## DETAILS:

The following information is relative to a beam following right-handed coordinate system (in millimeters) with a $+X$ to the left, $+Y$ above, and $-Z$ upstream of center. The origin of the coordinate system is at the design straight-through beam located at the geometric $Z$ center of the pair spectrometer magnet $(X=80.6 m, Y=3.35526 m$, and $Z=-417.756 \mathrm{M})$.
