DETAILS:

On January 28, 2020, the Survey & Alignment Group (S&A) inspected a “EIC HIGH GRADIENT ACTIVELY-SHIELDED QUADRUPOLE END PLATE SPACING BAR”, part number RD59010113, REV. A. S&A was asked to examine flatness and parallelism of the ends, as well as overall length, and verify compliance with the part drawing. The results are as follows in the included diagram (all units are in inches):
