DETAILS:

DATA: Inspection\HallA\He3compass\090206a

Below are the results of the Hall A He3 coil field mapping survey carried out on Feb 5, 2009. A gravity based coordinate system is centered on the ideal Hall A target position with a +X to the beam left, a +Z downstream, and a +Y up. The horizontal compass coordinates are to the top of the iron compass rod. Values are in millimeters and degrees. A + yaw angle is counter clockwise looking from above.

Horizontal compass measurements.
