

3rd International Workshop on Nucleon Structure at Large Bjorken x

HiX2010

October 13-15, 2010 JEFFERSON LAB

Newport News, Virginia

TOPICS:

- Parton distributions at large x
- Quark-hadron duality & higher twists
- Transverse momentum & spin distributions
- Lattice QCD & low energy models
- Implications for new physics searches

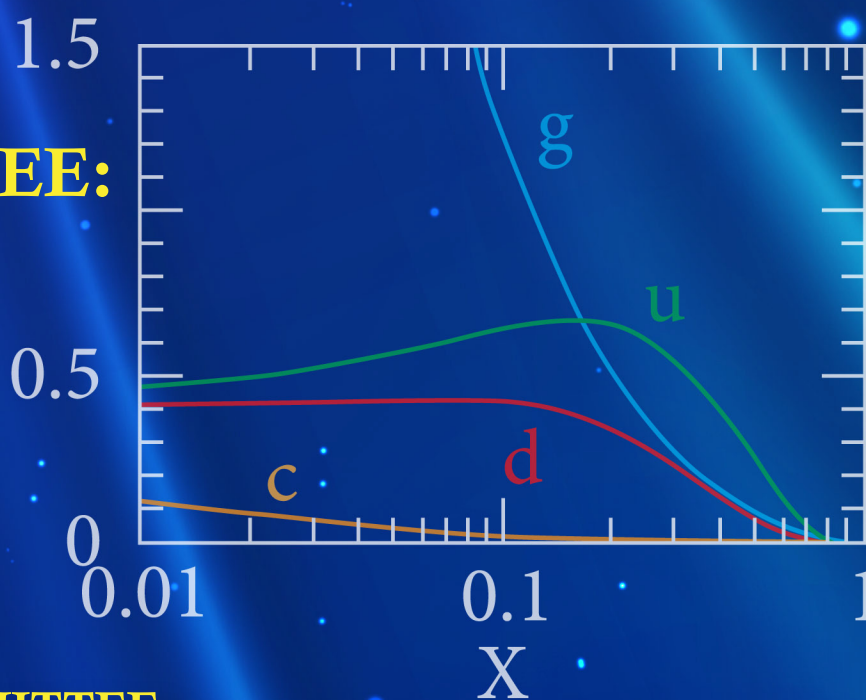

ORGANIZING COMMITTEE:

Simona Malace (chair, USC)

Rolf Ent (JLab)

Wally Melnitchouk (JLab)

Ioana Niculescu (JMU)

INTERNATIONAL ADVISORY COMMITTEE:

Johannes Bluemlein (DESY Zeuthen)

Stan Brodsky (SLAC)

Frank Close (Oxford)

Roy Holt (Argonne)

Cynthia Keppel (Hampton/JLab)

Shunzo Kumano (KEK)

Elliot Leader (Imperial College London)

Bo-Qiang Ma (Beijing)

Zein-Eddine Meziani (Temple)

Heidi Schellman (Fermilab)

Jacques Soffer (Temple)

Anthony Thomas (Adelaide)
