

**Anthem** HealthKeepers  
Offered by Peninsula Health Care, Inc.

**Take Control of Your Health**

**Your HMO Health Care Plan**

[anthem.com](https://www.anthem.com)

Anthem HealthKeepers is offered by Peninsula Health Care, Inc., a health maintenance organization. Throughout this brochure, the words “we,” “us” and “our” are used. These words are referring to Peninsula Health Care, Inc. The term “service area” means the geographical locations and boundaries where we are licensed to provide health care coverage. The cities and counties in the service area are listed in the Peninsula Health Care, Inc. provider directory.

Anthem HealthKeepers members have the right to privacy and that right is respected by all Peninsula Health Care, Inc. employees. We abide by the Commonwealth of Virginia Privacy Protection Act and have procedures in place to ensure your privacy. Any medical information we receive about Anthem HealthKeepers members, including medical records from health care professionals or hospitals, will be kept confidential and, except as permitted by law, will not be made available without the member’s written permission. In a limited number of situations, Peninsula Health Care, Inc. may need to release confidential information without written authorization (but within the law) in order to administer benefits – for example, conducting coordination of benefits between health care carriers. Anthem HealthKeepers members can review any personal information collected about them by Peninsula Health Care, Inc. including medical records kept by us by calling Member Services. Corrections to inaccurate information will be made at their request.

Peninsula Health Care, Inc. operates as a managed care health insurance plan (also called an “MCHIP”) subject to regulation in the Commonwealth of Virginia by both the State Corporation Commission Bureau of Insurance pursuant to Title 38.2 of the Virginia Code and the Virginia Department of Health pursuant to Title 32.1 of the Virginia Code.

If an HMO Point of Service (POS) plan is not currently offered to you, a group health plan or benefit that allows you to access care from the provider of your choice whether or not the provider is a member of the HMO must be offered concurrently to all eligible employees when selecting HMO coverage. This coverage may be offered by this HMO or by another carrier.

This enrollment brochure should contain benefit inserts. If it doesn’t contain benefit inserts, please contact your group administrator.

# Learning How To Use Your Anthem HealthKeepers Plan Starts Here

## TABLE OF CONTENTS

Selecting a doctor	03
Using your benefits	04

Services excluded from coverage	19
Experimental services	20

## FIRST THINGS FIRST...

Looking for a health care plan with coverage you can count on? And that gives you access to a doctor who can help you get the care you need? Your Anthem HealthKeepers plan will give you that and more. Benefits designed to not only help you stay well, but to help you deal with the unexpected. Plus, you'll get access to important resources that can support you when you have health care decisions to make. And even some extras added in, like discounts. It's all part of an integrated approach called 360° Health®.

What's that? Simply put, 360° Health is a group of programs, services and personalized support we have developed to help you improve, manage and maintain your health. Throughout this brochure, you'll learn more about the pieces and parts of 360° Health that work together to help you be at your healthiest.

# SELECTING A DOCTOR

With your Anthem HealthKeepers plan, you pick the doctor you want. Any one of the Anthem HealthKeepers network doctors specializing in family practice, general practice, or internal medicine can coordinate your care and help you get the medical care you need. For the young Anthem HealthKeepers members, pediatricians can be the care coordinators. Having a primary care physician can make accessing health care services easy because:

- ~ you can see one doctor for almost all your general health care needs
- ~ you have someone who knows you and can help you see the right specialist
- ~ you typically won't have to worry about claim forms or advance authorizations – your primary care physician takes care of it for you.

## Seeing a Specialist

Your primary care physician may refer you to a specialist for additional care. In most cases, covered services need to be provided by network professionals. For specialty services you can coordinate yourself, you also need to use Anthem HealthKeepers network doctors, hospitals and other health care professionals or the services may not be covered. True emergency care services will be covered whether or not they are provided within the Anthem HealthKeepers network.

## Referrals

Most referrals are for one or two visits. Primary care physicians can make referrals that last for a longer duration (referred to as “standing referrals”) to network doctors for members who need cancer pain management or have special conditions (typically life-threatening, degenerative or disabling conditions that require ongoing specialized attention). Referral requirements differ for Point of Service (POS) and Open Access plans. Check the benefit flyer that's tucked into the back pocket of this brochure to see if you are being offered a POS plan by your employer. If you are being offered an Open Access plan, a separate Open Access flyer will accompany this brochure.

## Find a Network Doctor

To access our list of network doctors, use the Find A Doctor link on [anthem.com](http://anthem.com), or call Member Services. Alongside the list of primary care doctors in our online directory, you'll see how Anthem HealthKeepers members scored those doctors in our annual patient satisfaction survey. It's valuable information that can help you select a doctor that's right for you. (A score may not be available if too few survey responses were received for a particular doctor.)

## SERVICES COORDINATED FOR YOU:

- ~ Referrals for specialist visits
- ~ Long standing referrals for special conditions
- ~ Advance authorization for hospital stays and outpatient surgery
- ~ Spinal manipulation and manual medical therapy services (chiropractic services)

## SERVICES YOU COORDINATE YOURSELF:

- ~ Routine, non-surgical outpatient ob/gyn or nurse-midlife care
- ~ Maternity care
- ~ Mammograms
- ~ Outpatient mental health and substance abuse services
- ~ Certain outpatient oral surgery services or services in conjunction with certain dental accidents
- ~ Emergency care
- ~ Urgent care services out of the service area

# OK, SO NOW YOU'VE GOT A DOCTOR — HOW DO YOU USE YOUR BENEFITS?

## IMPORTANT TIP ON USING YOUR PREVENTIVE CARE BENEFITS

There may be cases in which a routine screening reveals something that needs to be treated right away or at least needs further diagnostic tests. When this occurs, if your doctor bills the service as diagnostic instead of a wellness screening, and you have a plan with a deductible responsibility, your payment responsibility may change. For more information on how these wellness benefits are covered, check the benefits summary that is tucked into the back of this brochure.

## GUEST MEMBERSHIPS

If you or covered family members will be away from home 90-180 days, you can apply for the Guest Membership program which allows you to use the services of an affiliated Blue Cross and Blue Shield HMO plan in the area where you are staying. The Guest Membership program can be extended on an indefinite basis for your covered dependents, such as children who attend school outside of Virginia. If interested, ask your Benefits Manager for more information.

## PREVENTIVE CARE SERVICES TO KEEP YOU HEALTHY

Remember that expression, an apple a day keeps the doctor away? Well, it's true that nutritious eating, along with physical activity, can go a long way toward good health. But so does going for regular checkups and screenings. If you're a parent, you probably make sure your kids see their pediatrician for all of the age-appropriate screenings and shots. But, when's the last time you had a checkup? We want the whole family to be healthy. So, coverage for preventive care screenings for children and adults is automatically included in all of our plans. In fact, all of our Anthem HealthKeepers plans are structured so that you can access your preventive care screenings as soon as you begin coverage, even if you have a plan that includes a deductible requirement.

From birth through age six, your children will be covered for routine well baby checkups and screenings as recommended by the American Academy of Pediatrics as well as those prescribed by Virginia's Commissioner of Health. These health officials recommend the following timeframes for your children to visit their doctor for well baby and well child checkups:

**birth, 2-4 days, 2-4 weeks, 2 months, 4 months, 6 months, 9 months, 12 months, 15 months, 18 months, 2 years, 3 years, 4 years, 5 years, 6 years.**

For children over the age of 7 and adults, our coverage guidelines for preventive care are based on the recommendations of the American Medical Association and include:

- ~ Annual checkups
- ~ Immunizations, labs and x-rays done in connection with an annual checkup
- ~ Annual mammograms for members age 35 and older
- ~ Annual gynecological exams
- ~ An annual PSA test and prostate exams for men age 40 and older
- ~ Colorectal cancer screenings

## ONLINE TOOLS, RESOURCES AND DISCOUNT PROGRAMS

### Health Channels

Check out Health Channels, a feature of MyHealth@Anthem on anthem.com, for tips on healthier eating for your kids, physical activities the family can do together and how to avoid spreading germs to each other. Health Channels can also steer you to alternative health options, daily health tips and health condition centers for women and men, with topics ranging from important preventive care screenings for adults to dealing with stress and tips for better fitness routines. Plus, you can also access a library of more than 30,000 articles covering more than 750,000 health topics on self-care, medications, conditions, tests and treatments.

### Preventive Care Guidelines

When it comes to knowing what screenings your family members need and when, let anthem.com be your guide. By using the Google search feature that is embedded within our site, you can type in “preventive care guidelines” and then download or print preventive care guidelines for both children and adults. These guidelines are supported by the American Academy of Pediatrics and the American Academy of Family Physicians.

### Newsletters

Take advantage of the weekly e-newsletters available through Health Channels that are tailored to the topics most important to you.

### Health Risk Assessment

Are you as healthy as you feel? Take the online Health Risk Assessment. It's an easy to use tool that can help you learn whether you may be at risk for developing certain conditions later on.

### Discounts

Everyone loves a good deal and, as a member, you have your pick of discount offerings available through SpecialOffers@Anthem. Go online and you'll see special rates on items like:

- ~ books on health and nutrition
- ~ fitness clubs and equipment
- ~ alternative therapies such as acupuncture and chiropractic care
- ~ hearing aids
- ~ safety products for your home and more

### NEWS THAT'S FIT TO PRINT

The content on anthem.com is robust enough to handle just about any health question you may have. But, for those who could use a little nudge on what screenings to get and when, or want reminders about tools and resources exclusively available to Anthem HealthKeepers members, we also produce the *Healthy Solutions* member newsletter, that is mailed right to your home. Filled with up-to-the minute news on health topics you need to know about and tips for how to get the most out of your coverage.

### Smoking Cessation Program

If you're a smoker, you know how hard it can be to quit. When you're ready, we'll be there to help with discounts on smoking cessation products like patches and gum through [SpecialOffers@Anthem](mailto:SpecialOffers@Anthem). You can also visit [MyHealth@Anthem](http://MyHealth@Anthem) to use web-based training tools and access support from trained professionals.

### Healthier Eating – Starting With Lunch

With all of the food choices available, combined with a busy schedule, it's no wonder that lunchtime can become a target for nutrition disaster. Over time, poor food choices at lunch can lead to late afternoon snacks, less-than-ideal dinners and an overall unhealthy lifestyle. Making the decision to eat healthier on a regular basis may seem impossible, but we think you can get a good running start by resolving to eat at least one healthier meal a day – starting with lunch. Whether you eat out, pack a lunch from home or eat straight from the vending machine, our Lunch Well program can give you realistic easy-to-use ideas for planning a lunch menu that is not only satisfying, but also healthy. Check it out on [anthem.com/lunchwell](http://anthem.com/lunchwell).

These discount offerings and web site tools are available to you as perks to your membership. Because they are not contract benefits, they can change or be discontinued.

- ✕ Health risk assessment
- ✕ Discounts
- ✕ Smoking cessation program
- ✕ Lunch Well healthy eating program

## SICK VISITS

Scratchy throat. Upset stomach. An ache that won't go away. These are all just a few of the reasons you'll come to rely on the doctor you selected. When you aren't feeling good or are injured – even if you think it's minor – you can count on your Anthem HealthKeepers coverage. Some of the services covered by your plan include

- ~ office visits
- ~ shots and injections
- ~ physical, speech and occupational therapy
- ~ surgery
- ~ stays in a hospital or skilled nursing facility
- ~ home health care services
- ~ ambulance services
- ~ medical equipment, supplies and appliances
- ~ emergency care
- ~ maternity care throughout your pregnancy

With today's fast pace, it can become easy to ignore symptoms or put off seeing your doctor because you have too many other things going on. But, it's important to get those visits in early so you can get a condition or illness treated before it develops into something more serious. Your doctor is the ideal resource for treating any minor health problems you're experiencing. But what if your doctor's office is closed? MyHealth@Anthem on anthem.com can help, with tools like the interactive WebMD Symptom Checker that lets you identify – right down to the specific ache or pain – whether you're better off visiting your doctor or trying a do it yourself treatment at home.

There is also online help for when you're dealing with more than a minor illness or injury. Through the Treatment Decision Guide, you can learn more about your condition, find options for treatment and specific questions you can print out to take to your doctor's office. But that's not all. You can check out the Treatment Cost estimator so you'll have as much upfront information as possible about what an upcoming medical procedure is likely to cost.

## SERVICES THAT REQUIRE ADVANCE REVIEWS

Some services need to be authorized by us in advance to make sure they aren't being duplicated or causing you harm because of other medical care you're receiving. Your primary care physician works with us on these reviews which often are called "prior authorizations." The most common services being reviewed are for inpatient stays (in a hospital or skilled nursing facility). During these reviews, we will also make sure that the services are covered by your plan.

## AN EXPLANATION OF HOW WE DEFINE EMERGENCY

An emergency is the sudden onset of a medical condition with such severe symptoms that a person with an average knowledge of health and medicine would seek medical care immediately because there may be:

- ~ serious risk to mental or physical health
- ~ danger or significant impairment of body functions
- ~ significant harm to organs in the body (heart, brain, kidneys, liver, lungs, etc.)
- ~ danger to the health of the baby in a pregnant woman

## SUPPORT FOR MEMBERS DEALING WITH MENTAL HEALTH OR SUBSTANCE ABUSE ISSUES

If you or a covered family member is struggling with emotional issues or an addiction, you know the toll it takes, not only on the affected person, but the entire family. Your coverage includes access to our Behavioral Health Unit staffed by a team of trained professionals who are specially licensed to counsel members dealing with these issues. Your health plan ID card that you get after you enroll will include a dedicated phone number to our Behavioral Health Unit. The individuals you speak to will give you confidential help on finding a provider, answer any benefit questions you have and give you information on treatment plans you can discuss with your doctor.

## EMERGENCY CARE

There's probably few things more frightening than a medical emergency. By all means, if you ever need emergency medical or behavioral health care, get it. Emergency care is covered no matter where the services are received. If you don't have time to tell your primary care physician before you receive medical care, be sure that you (or someone on your behalf) notifies your primary care physician within 48 hours of receiving emergency care services. When this happens, the care you received will be reviewed by us to determine if it was a true emergency. This process is often call "retrospective review."

Sometimes it's hard to decide if your situation is truly an emergency. Use the guidelines to the left and remember, using the emergency room for routine ailments like coughs, colds and the flu doesn't help anyone. Your family physician is better equipped and more cost-effective for minor aches and pains, and by going to your doctor's office instead of the emergency room, you can help keep the emergency room available for patients who truly need immediate attention.

## A WORD ABOUT BALANCE BILLING

Part of the value of HMO coverage is knowing that you will pay set fees for services through our extensive network of contracted providers. In some situations, such as an emergency, getting the care you need is the first priority. During these times, if you receive care from hospitals and/or providers who have not contracted with us, they can charge whatever they want for their services. If what they charge is more than providers in our netowrk have agree to accept for the same services, you can be billed for the difference. This is called "balance billing."

## URGENT CARE CENTERS

When a minor illness or injury comes up and your doctor's office is closed, consider making use of an urgent care center. They're covered under your plan benefits and using urgent care centers usually saves you money, especially if you have an Anthem HealthKeepers plan that requires you to pay for a percentage of what your visit costs.

## PRENATAL CARE PROGRAMS AND RESOURCES

Just found out you're having a baby? Luckily, your Anthem HealthKeepers coverage includes access to a program developed just for expectant parents called Future Moms. With Future Moms, you'll have access to 24-hour telephone support from OB/GYN registered nurses who are reinforced by on-site medical directors, health educators, pharmacists and dieticians. All of these trained professionals are at your disposal day and night to work in collaboration with your doctor's recommendations about how you can prepare for the healthiest pregnancy possible.

Future Moms is available through our affiliate company, Health Management Corporation.

## SPINAL MANIPULATION AND MANUAL MEDICAL THERAPY (CHIROPRACTIC SERVICES)

Your Anthem HealthKeepers coverage provides access to chiropractic services. After your PCP refers you for care, simply visit one of our participating chiropractic providers for access to spinal manipulation and manual medical therapy services (chiropractic services). You may be eligible for up to 30 chiropractic care visits per calendar year. These services are provided through an arrangement with American Specialty Health Network, Inc. (ASHN), a chiropractic management and administrative firm that has been contracted to provide this coverage.

## 24/7 NURSELINE

If you don't know if your condition requires urgent care, you can call the toll-free Anthem HealthKeepers 24/7 NurseLine. Available all day - every day - the nurses can help you determine what level of care your condition requires. In addition, they also can authorize urgent care services.

## GETTING CHIROPRACTIC SERVICES

Once your PCP submits a referral to ASHN and you make an appointment with a participating provider, the chiropractic provider is responsible for obtaining authorization necessary prior to providing care. Just present your health plan ID card when you go to receive care. (The referral requirement does not apply for Anthem HealthKeepers Open Access members).

### HEALTH EXTRAS, HEALTH GUIDANCE AND HEALTH MANAGEMENT THROUGH 360° HEALTH

- ✕ WebMD Symptom Checker
- ✕ Treatment Decision Guide
- ✕ Treatment Cost estimator
- ✕ Advance review of requested tests or procedures
- ✕ Behavioral Health dedicated team for mental health or substance abuse issues
- ✕ Future Moms prenatal care programs

## HELP FOR ONGOING CONDITIONS

Dealing with a chronic condition can really impact your life. Ongoing symptoms. Visits to the doctor or emergency room. Expensive medications and treatments. After a while it can feel like your condition has taken over your life. Our ConditionCare program may be just the solution you've been looking for. ConditionCare is a condition management program for members dealing with asthma, diabetes and certain heart disease conditions. Through ConditionCare you'll be able to talk to specially-trained nurses 24 hours a day for help with any questions you have and get information on treatments that are available. ConditionCare is a resource that you can use, along with your doctor, for support and counsel. This phone access will also enable you to do health assessments right over the phone to determine where you are in terms of controlling your symptoms and whether you're at risk for developing complications.

You can also access the in-depth condition centers on [anthem.com](http://anthem.com). In fact, we not only have centers for these conditions, but for more than 30 others for members dealing with a variety of issues such as allergies, depression and stress.

ConditionCare is available through our affiliate company, Health Management Corporation.

## HOSPITAL STAYS

Bland food. Unpleasant tests or procedures. And a constant feeling that you just want to go home. Except for having a baby, there's rarely any fun associated with a hospital stay. But knowing all you can before you are admitted can go a long way toward easing your anxiety. One resource that can help is the Hospital Comparison on [anthem.com](http://anthem.com). Through this tool, you'll be able to check hospitals in your area, side by side, for how they compare on quality, based on factors that you select as being most important to you. For example, how often does a particular hospital perform a certain procedure compared with other hospitals in the area? What are the rates for complication? Does the hospital have intensive care staff support?

## QUALITY PROGRAMS TO HELP KEEP YOU SAFE

We've also implemented the Quality Hospital Incentive Program (Q-HIP<sup>SM</sup>) which rewards hospitals for adopting higher level standards of quality for the best patient outcomes. Started as a pilot program in Virginia three years ago, the Q-HIP program is now being offered at hospitals in many other states.

Rest assured that with any hospital stay, you'll have an entire team working on your behalf. The doctors, nurses and discharge planners at the hospital or skilled nursing facility and the Anthem HealthKeepers doctors and nurses on our staff all work together to help make sure you get the right care in the right place at the right time.

Your team is involved in your care from the start and are the ones who discuss the need for you to be admitted to a hospital or skilled nursing facility (called "prior authorization"). With advances in technology, many medical procedures that once could only be done in a hospital can now be done safely in a doctor's office or as an outpatient procedure.

Once you're admitted to a hospital or skilled facility, the team focuses on the care you're receiving while you're an inpatient. The nurses and doctors make sure you're getting the right services for your condition, and just as important, make sure you're not going through unnecessary procedures. This phase is called "concurrent review" and tracks the progress you're making while you're still in the hospital or skilled nursing facility.

And when it's time for you to leave the hospital or skilled nursing facility, the team will have also finalized the plan that can help you make a smooth transition back home.

## QUALITY PUT TO THE TEST

One Q-HIP measurement that is tracked, for example, is how quickly someone being admitted to the emergency room for a heart attack has a balloon surgically implanted to reduce how hard the heart needs to work. The American Academy of Cardiology sets 90 minutes or less as the optimum for this procedure and research has shown that for every minute past the 90 minute limit, the patient's chance of complications or even death is increased. Our participating Q-HIP hospitals have become significantly better than the national average and have even shown an improvement of 17\* percent over the last two years.

\*Q-HIP results are based on eight of the pilot cardiac care hospitals that supplied two years worth of data.

### HEALTH GUIDANCE AND HEALTH MANAGEMENT THROUGH 360° HEALTH

- ✘ 30+ condition centers
- ✘ ConditionCare programs for members dealing with ongoing conditions
- ✘ Hospital Comparison tool
- ✘ Quality Hospital Incentive Program (Q-HIP)
- ✘ Team approach to managing your hospital stays

# THE INS AND OUTS OF COVERAGE

By now, you should have a good understanding of how to pick a doctor or a hospital, take advantage of your benefits to help you stay healthy, and know about tools and resources that can support you in making good decisions about your health. It's also important that you take the time to read this section. It outlines who can enroll in your Anthem HealthKeepers plan, when and how your coverage can change, what's not covered by your plan and how your plan works with any other health care coverage you have.

## WHO YOU CAN ENROLL TO BE ON YOUR COVERAGE WITH YOU

You can choose coverage for you alone or family coverage that includes you and any of the following family members:

- ~ your husband or wife
- ~ your unmarried natural children including children you have adopted or are in the process of adopting
- ~ your unmarried stepchildren or children for whom you are the legal guardian if you provide more than one half of their support as well as children for whom you have court-ordered custody

Under standard plans, dependent children are covered until December 31st of the year they turn 23. If your employer has selected a different age limit, that will be noted on a document that is tucked into the back pocket of this brochure.

Some children have mental or physical challenges that prevent them from living independently. The dependent age limit does not apply to these enrolled children as long as these challenges were present before they reached age 23.

## HOW AND WHEN YOUR COVERAGE CAN BE CHANGED

Your Anthem HealthKeepers coverage can be renewed, cancelled or changed on two different levels. The first is on the employer level, which would impact you and everyone else covered under your employer's plan. The second level impacts your coverage only – including your covered family members – and does not apply to any others covered under your employer's plan.

1. On the employer level – which impacts you as well as all employees under your employer’s plan – your Anthem HealthKeepers plan can be...

renewed	cancelled	changed	when...
•			your employer maintains its status as an employer, remains located in our service area, meets our guidelines for employee participation and premium contribution, pays the required health care premiums and does not commit fraud or misrepresent itself.
	•		after a 31-day grace period, your employer still does not pay the required health care premium (at least a 15-day notice will be given to your employer) or makes a bad payment or your employer can voluntarily cancel coverage by giving us a 30-day advance written notice.
	•		we decide to no longer offer the specific plan chosen by your employer (you’ll get a 90-day advance notice) or if we decide to no longer offer any coverage in Virginia (you’ll get a 180-day advance notice).
		•	your employer and you received a 30-day advance written notice that the coverage was being changed (services added to your plan or the copayment amounts decreased). Copayments can be increased or services can be decreased only when it is time for your group to renew its Anthem HealthKeepers coverage.

2. On an individual level – factors that apply to you and covered family members – your Anthem HealthKeepers plan can be...

renewed	cancelled	when...
•		you maintain your eligibility for coverage with your employer, pay your required portion of the health care premium and do not commit fraud or misrepresent yourself.
	•	you purposely give wrong information about yourself or your dependents when you enroll. Cancellation is effective immediately.
	•	you lose your eligibility for coverage, don’t make required payments or make bad payments, commit fraud, are guilty of gross misbehavior, don’t cooperate with coordination of benefits recoveries, let others use your ID card, use another member’s ID card or file false claims with us. Your coverage will be cancelled after you receive a written notice from us.

## SPECIAL ENROLLMENT PERIODS

If you initially state in writing that you are declining to enroll in your group health plan for yourself or your dependents (including your spouse) because you have coverage through another carrier or group health plan, you may be able to enroll yourself and your dependents in this plan if you or your dependents later lose eligibility for that other coverage (or if the employer stops contributing towards your or your dependents' other coverage). However, you must request enrollment within 30 days after your or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage). In addition, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 30 days after the marriage, birth, adoption, or placement for adoption. To request special enrollment or obtain more information, contact your group administrator.

## PRE-EXISTING CONDITIONS – WHEN YOU FIRST ENROLL IN ANTHEM HEALTHKEEPERS (for groups with between 2 and 50 employees)

Have you been treated for or diagnosed as having a specific condition other than pregnancy? If you have been, did the diagnosis or treatment occur less than 6 months before the date you will begin coverage under your employer's group health plan? If so, there is a 12-month period when services will not be covered for those specific conditions – often called “pre-existing conditions.” All other covered services not related to the pre-existing conditions will be available from your first day as an Anthem HealthKeepers member. If you or a covered family member have had breast cancer and have been disease free for five years, it is not considered a pre-existing condition.

Your 12-month pre-existing period can be reduced by the number of months of “creditable coverage” you had before your group health plan coverage (or employer-required waiting period) starts.

Creditable coverage is earned by having had coverage under most types of group or individual:

- health insurance programs
- HMO plans
- health service plans
- individual health insurance coverage
- health plans offered under Chapter 89 of Title 5, United States Code
- fraternal society plans, or
- publicly-sponsored plans like Medicare, Medicaid, State Children's Health Insurance Programs (S-CHIP) or TRICARE.

You should receive proof of prior coverage (called a “certificate of creditable coverage”) from either the employer with whom you had the coverage or the health care company that provided it. If you go more than 63 days without health care coverage, coverage before that 63-day break will not reduce your pre-existing period. So that we may reduce the pre-existing period by the amount of time you were covered under creditable coverage, we may require you to give us a copy of any

certificates of creditable coverage that you have. If you do not have a certificate, but you have creditable coverage, we will help you get one from your prior plan or issuer. Contact Member Services either by phone or by the address listed on the back of this enrollment brochure.

Want a recap on what we just explained? See the chart below.

No waiting period	Reduction in the 12-month waiting period	when...
	●	your employer is enrolling with 2-9 employees and you and your family members have been enrolled in a healthcare plan with less than a 63 day break in coverage.
●		your employer is enrolling with 10 or more employees.
●		an infant, within 30 days of birth, has been covered under a group or individual insurance or HMO plan, service plan, fraternal plan, or a publicly-sponsored plan like Medicare, Medicaid or TRICARE or similar plan described in the member booklet.
●		<p>children you have adopted or are going to adopt are under the age of 18 and</p> <ul style="list-style-type: none"> <li>~ have been covered under a group insurance or HMO plan, a government plan (Medicare, Medicaid, TRICARE or other similar publicly-sponsored program) or similar plan as described in the member booklet within 30 days of the adoption or placement and did not go more than 63 days without coverage, and</li> <li>~ will be enrolled in your Anthem HealthKeepers coverage within 30 days of their initial eligibility. Otherwise, they may not be eligible to enroll in your plan for up to one year.</li> </ul>
	●	you have just joined an employer who has been offering Anthem HealthKeepers coverage and you were covered by another health plan before enrolling in your new employer's Anthem HealthKeepers plan. Often the waiting period will be reduced by the number of months you were covered under your former employer's plan.

## HOW WE ESTABLISH OUR RATES

### Factors used to set the price of health care coverage for employers with 2-99 employees:

- ~ the Anthem HealthKeepers plan selected by your employer
- ~ your employer's location
- ~ the age of each employee
- ~ the number of enrolled employees
- ~ the number of dependents enrolled by each employee
- ~ the health status of the enrolled employees and their dependents

### Additional factors for employers with 15-99 employees:

- ~ the gender of enrolled employees
- ~ your employer's industry

### An additional factor for employers with 51-99 employees:

- ~ any applicable commission paid to sales representatives and brokers

## WHEN YOU'RE COVERED BY MORE THAN ONE PLAN

If you're fortunate enough to be covered by more than one health plan, you may not be so thrilled about the paper work hassles that can come with it when you're trying to figure out which plan should pay for what. Our Coordination of Benefits (COB) program helps our members who are covered by more than one group health plan make sure they receive the benefits they signed up for while avoiding overpayment by either carrier. Because up-to-date, accurate information is the key to our Coordination of Benefits program, you can expect to receive a COB questionnaire on an annual basis. Timely response to these questionnaires will help avoid delays in claims payment.

If you are covered by two different group health plans, one is considered primary and the other is considered secondary. The primary carrier is the first to pay a claim and provide reimbursement according to plan allowances; the secondary carrier then provides reimbursement, typically covering the remaining allowable expenses.

## DETERMINING THE PRIMARY VERSUS SECONDARY CARRIER

See the chart below for how determination gets made over which health plan is the primary carrier. The term “participant” is used and means the person who is signing up for coverage:

When a person is covered by 2 group plans, and	Then	Primary	Secondary
One plan does not have a COB provision	The plan without COB is	●	
	The plan with COB is		●
The person is the participant under one plan and a dependent under the other	The plan covering the person as the participant is	●	
	The plan covering the person as a dependent is		●
The person is the participant in two active group plans	The plan that has been in effect longer is	●	
	The plan that has been in effect the shorter amount of time is		●
The person is an active employee on one plan and enrolled as a COBRA participant for another plan	The plan in which the participant is an active employee is	●	
	The COBRA plan is		●
The person is covered as a dependent child under both plans	The plan of the parent whose birthday occurs earlier in the calendar year (known as the birthday rule) is	●	
	The plan of the parent whose birthday is later in the calendar year is		●
	Note: When the parents have the same birthday, the plan that has been in effect longer is	●	
The person is covered as a dependent child and coverage is stipulated in a court decree	The plan of the parent primarily responsible for health coverage under the court decree is	●	
	The plan of the other parent is		●
The person is covered as a dependent child and coverage is not stipulated in a court decree	The custodial parent's plan is	●	
	The non-custodial parent's plan is		●
The person is covered as a dependent child and the parents share joint custody	The plan of the parent whose birthday occurs earlier in the calendar year is	●	
	The plan of the parent whose birthday is later in the calendar year is		●
	Note: When the parents have the same birthday, the plan that has been in effect longer is	●	

Some people under age 65 are eligible for Medicare in addition to any other coverage they may have. The following chart shows how payment is coordinated under various scenarios:

When a person is covered by Medicare and a group plan, and	Then	Anthem HealthKeepers is Primary	Medicare is Primary
Is a person who is qualified for Medicare coverage due solely to End Stage Renal Disease (ESRD-kidney failure)	During the 30-month Medicare entitlement period	•	
	Upon completion of the 30-month Medicare entitlement period		•
Is a disabled member who is allowed to maintain group enrollment as an active employee	If the group plan has more than 100 participants	•	
	If the group plan has fewer than 100 participants		•
Is the disabled spouse or dependent child of an active full-time employee	If the group plan has more than 100 participants	•	
	If the group plan has fewer than 100 participants		•
Is a person who becomes qualified for Medicare coverage due to ESRD after already being enrolled in Medicare due to disability	If Medicare had been secondary to the group plan before ESRD entitlement	•	
	If Medicare had been primary to the group plan before ESRD entitlement		•

### RECOVERY OF OVERPAYMENTS

If health care benefits are inadvertently overpaid, reimbursement for the overpayment will be requested. Your help in the recovery process would be appreciated. We reserve the right to recover any overpayment from:

- any person to or for whom the overpayments were made;
- any health care company; and
- any other organization.

## SERVICES EXCLUDED FROM COVERAGE

When it comes to your health, you're the final decision maker about what services you need to get and where you should get them. But, in order for us to keep the cost of health care as low as possible for both you and your employer, we have to exclude certain services. The following list of services and supplies are excluded from coverage by your health plan and will not be covered in any case.

### acupuncture.

services received which are not **authorized in advance by us and pre-arranged by your primary care physician**, unless otherwise specified in this brochure.

### biofeedback therapy.

over the counter **convenience** and hygienic items. These include, but are not limited to, adhesive removers, cleansers, underpads, and ice bags.

**cosmetic surgery or procedures**, including complications that result from such surgeries and/or procedures. Cosmetic surgeries and procedures are performed mainly to improve or alter a person's appearance including body piercing and tattooing. However, a cosmetic surgery or procedure does not include a surgery or procedure to correct deformity caused by disease, trauma, or a previous therapeutic process. Cosmetic surgeries and/or procedures also do not include surgeries or procedures to correct congenital abnormalities that cause functional impairment. We will not consider the patient's mental state in deciding if the surgery is cosmetic.

no **dental** services are provided except for the following:

- medically necessary dental services resulting from an accidental injury. You must submit a plan of treatment from your dentist or oral surgeon for prior approval by the HMO. For an injury that occurs on or after our effective date of coverage, you must seek treatment within 60 days after the injury;
- the cost of dental services and dental appliances only when required to diagnose or treat an accidental injury to the teeth;
- the repair of dental appliances damaged as a result of an accidental injury to the jaw, mouth or face;
- dental services and appliances furnished to a newborn when required to treat medically diagnosed cleft lip, cleft palate, or ectodermal dysplasia;
- dental services to prepare the mouth for radiation therapy to treat head and neck cancer; or
- covered general anesthesia and hospitalization services for children under the age of 5, covered persons who are severely disabled, and covered persons who have a medical condition that requires admission to a hospital or outpatient surgery facility. These services are provided when it is determined by a licensed dentist, in consultation with the covered persons' treating physician that such services are required to effectively and safely provide dental care.

**donor** searches for organ and tissue transplants, including compatibility testing of potential donors who are not immediate, blood related family members (parent, child, sibling).

**educational** or teacher services except in limited circumstances.

the following **family planning** services. These include:

- non-prescription contraceptive devices;
- services for artificial insemination;
- in vitro fertilization, or any other types of artificial or surgical means of conception, including drugs administered in connection with these procedures;

*These services are excluded from your Anthem HealthKeepers plan.*

EXPERIMENTAL...  
OR NOT?

Many of the Anthem HealthKeepers medical directors and staff actively participate in a number of national health care committees that review and recommend new treatments for coverage. To be approved for coverage, the service or product must have:

- ~ regulatory approval from the Food and Drug Administration;
- ~ been put through extensive research study to find all the benefits and possible harms of the technology;
- ~ benefits that are far better than any potential risks;
- ~ at least the same or better effectiveness as any similar service or procedure already available; and
- ~ been tested enough so that we can be certain it will result in positive results when used in real cases.

- ~ drugs used to treat infertility; or
- ~ reversals of sterilization and complications incidental to such procedures.

services for palliative or cosmetic **foot care** including:

- ~ flat foot conditions;
- ~ support devices, arch supports, foot inserts, orthopedic and corrective shoes that are not part of a leg brace and fittings, castings and other services related to devices of the feet;
- ~ foot orthotics;
- ~ subluxations of the foot;
- ~ corns, calluses and care of toenails (except as treatment for patients with diabetes or vascular disease);
- ~ bunions (except capsular or bone surgery);
- ~ fallen arches, weak feet, chronic foot strain; or
- ~ symptomatic complaints of the feet.

routine **hearing care** (except as outlined in this brochure) or hearing aids (except cochlear implants) or exams for these devices.

the following **home care** services:

- ~ homemaker services (except as rendered as part of Hospice care);
- ~ maintenance therapy;
- ~ food and home delivered meals; or
- ~ custodial care and services.

the following **hospital** services:

- ~ guest meals, telephones, televisions, and any other convenience items received as part of your inpatient stay;
- ~ care by interns, residents, house physicians, or other facility employees that are billed separately from the facility; or
- ~ a private room unless it is medically necessary and approved by us.

**immunizations** required for travel or work, unless such services are received as part of the covered preventive care services.

**investigative/experimental** procedures, as well as services related to or complications from such procedures except for clinical trial costs for cancer as described by the National Cancer Institute. Nothing in this exclusion will prevent a member from appealing our decision that a service is investigative/experimental.

**medical equipment (durable), appliances, devices, and supplies** that have both a non-therapeutic and therapeutic use. These include but are not limited to:

- ~ exercise equipment;
- ~ air conditioners, dehumidifiers, humidifiers, and purifiers;
- ~ hypoallergenic bed linens, bed boards;
- ~ whirlpool baths;

*These services are excluded from your Anthem HealthKeepers plan.*

- ~ handrails, ramps, elevators, and stair glides;
- ~ telephones;
- ~ adjustments made to a vehicle;
- ~ foot orthotics;
- ~ changes made to a home or place of business; or
- ~ repair or replacement of equipment you lose or damage through neglect.

Coverage does not include benefits for **medical equipment (durable)** that is not appropriate for use in the home.

services or supplies deemed not **medically necessary** by the HMO at its sole discretion. Notwithstanding this exclusion, all wellness services and hospice care services described in the benefits summary that is included with this brochure are covered. This exclusion shall not apply to services you receive on any day of inpatient care that is determined by the HMO to be not medically necessary if such services are received from a professional provider who does not control whether you are treated on an inpatient basis or as an outpatient, such as a pathologist, radiologist, anesthesiologist or consulting physician. Additionally, this exclusion shall not apply to inpatient services rendered by your admitting or attending physician other than inpatient evaluation and management services provided to you notwithstanding this exclusion. Inpatient evaluation and management services include routine visits by your admitting or attending physician for purposes such as reviewing patient status, test results, and patient medical records. Inpatient evaluation and management visits do not include surgical, diagnostic, or therapeutic services performed by your admitting or attending physician. Also, this exclusion shall not apply to the services rendered by pathologists, radiologists, or anesthesiologists in an (i) outpatient hospital setting (ii) emergency room or (iii) ambulatory surgery setting. However, this exception does not apply if and when any such pathologist, radiologist or anesthesiologist assumes the role of attending physician. Nothing in this exclusion shall prevent a member from appealing the HMO's decision that a service is not medically necessary.

the following **mental health services and substance abuse services**:

- ~ inpatient stays for environmental changes;
- ~ cognitive rehabilitation therapy;
- ~ educational therapy;
- ~ vocational and recreational activities;
- ~ coma stimulation therapy;
- ~ services for sexual deviation and dysfunction;
- ~ treatment of social maladjustment without signs of a psychiatric disorder;
- ~ remedial or special education services; or
- ~ inpatient mental health treatments that meet the following criteria:
  - more than 2 hours of psychotherapy during a 24-hour period in addition to the psychotherapy being provided pursuant to the inpatient treatment program of the hospital;
  - group psychotherapy when there are more than 8 patients with a single therapist;
  - group psychotherapy when there are more than 12 patients with two therapists;
  - more than 12 convulsive therapy treatments during a single admission; or
  - psychotherapy provided on the same day of convulsive therapy.

services administered by **non-network providers**, except for emergencies or when authorized in advance by the Anthem HealthKeepers Medical Director. (This exclusion does not apply for the Point of Service plans, or for an annual routine eye exam which includes a \$30 allowance for out-of-network providers.)

*These services are excluded from your Anthem HealthKeepers plan.*

## N-S

**nutrition** counseling and related services, except when provided as part of diabetes education.

services and supplies related to **obesity** or services related to weight loss or dietary control, including complications that directly result from such surgeries and/or procedures. This includes weight reduction therapies/activities, even if there is a related medical problem. Notwithstanding provisions of other exclusions involving cosmetic surgery to the contrary, services rendered to improve appearance (such as abdominoplasties, panniculectomies, and lipectomies), are not covered services even though the services may be required to correct deformity after a previous therapeutic process involving gastric bypass surgery.

benefits for **organ or tissue transplants**, including complications caused by them, except when they are considered medically necessary, have received pre-authorization, and are not considered investigative/experimental. Autologous bone marrow transplants for breast cancer are covered only when the procedure is performed in accordance with protocols approved by the institutional review board of any United States medical teaching college. These include, but are not limited to, National Cancer Institute protocols that have been favorably reviewed and used by hematologists or oncologists who are experienced in high dose chemotherapy and autologous bone marrow transplants or stem cell transplants. This procedure is covered despite the exclusion in the plan of investigative/experimental services.

**paternity** testing.

as part of the **prescription drug benefit**, coverage for:

- ~ over the counter drugs;
- ~ any per unit, per month quantity over the specified limit;
- ~ drugs used mainly for cosmetic purposes;
- ~ drugs that are experimental, investigational, or not approved by the FDA;
- ~ cost of medicine that exceeds the allowable charge for that prescription;
- ~ drugs for weight loss;
- ~ stop smoking aids;
- ~ therapeutic devices or appliances;
- ~ injectable prescription drugs that are supplied by a provider other than a pharmacy;
- ~ charges to inject or administer drugs;
- ~ drugs not dispensed by a licensed pharmacy;
- ~ drugs not prescribed by a licensed provider;
- ~ any refill dispensed after one year from the date of the original prescription order;
- ~ infertility medications;
- ~ medications used to treat sexual dysfunction;
- ~ medicine covered by workers' compensation, Occupational Disease Law, state or government agencies; or
- ~ medicine furnished by any other drug or medical service.

**rest cures**, residential or domiciliary care and services. Whether care is considered residential will be determined based on factors such as whether the member receives active 24-hour skilled professional nursing care, daily physician visits, daily assessments, and structured therapeutic services.

care from institutions and facilities that are licensed solely as **residential treatment centers**, or other non-skilled sub-acute inpatient settings.

**services, supplies or devices** if they are:

- ~ not listed as covered;
- ~ not prescribed, performed, or directed by a provider licensed to do so;
- ~ received before the effective date or after a member's coverage ends; or
- ~ telephone consultations, charges for not keeping appointments, charges for completing claim forms or other such charges.

**services or supplies** if they are provided or available to a member:

- ~ under a U.S. government program or a program for which the federal or state government pays all or part of the cost. This exclusion does not apply to health benefit plans offered to either civilian employees or retired civilian employees of the federal or state government;
- ~ under the Medicare program or under any similar program authorized by state or local laws or regulations or any future amendments to them. This exclusion does not apply to those laws or regulations which make the government program the secondary payor after benefits under this plan have been paid.

This exclusion applies whether or not the member waives his or her rights under these laws, amendments, programs, or terms of employment. However, we will provide the covered services when benefits under these programs have been exhausted.

**services** for which a charge is not usually made. This includes services for which you would not have been charged if you did not have health care coverage.

**services or benefits** for:

- ~ amounts above the allowable charge for a service;
- ~ self-administered services or self care including self-administered injections;
- ~ penile implants;
- ~ self-help training; or
- ~ neurofeedback and related diagnostic tests.

services for **sexual transformation or sexual dysfunction**. This includes medical and mental health services.

**services** of non-Anthem HealthKeepers providers except for emergencies or when authorized in writing by our Medical Director including services not pre-arranged by your primary care physician and authorized in advance by us.

- ~ women in at least their second trimester of pregnancy can continue to see their doctors who have left the Anthem HealthKeepers network, unless the doctors were asked to leave for cause.
- ~ members with a terminal illness who are expected to live less than six months can continue to see their doctors who have left the Anthem HealthKeepers network, unless the doctors were asked to leave for cause. (This exclusion does not apply for the Point of Service plans.)

the following **skilled nursing facility** stays:

- ~ treatment of psychiatric conditions and senile deterioration;
- ~ facility services during a temporary leave of absence from the facility; or
- ~ a private room unless it is medically necessary.

services related to **smoking cessation**, including stop smoking aids or services of stop smoking clinics.

the following **spinal manipulation and manual medical therapy services (chiropractic services)**:

- ~ any treatment or service not authorized by American Specialty Health Network, Inc. (ASHN).
- ~ any service or treatment not provided by an ASHN provider. (This exclusion does not apply for the Point of

*These services are excluded from your Anthem HealthKeepers plan.*

## S-W

Service plans.)

- ~ services for examination and/or treatment of strictly non-neuromusculoskeletal disorders, or conjunctive therapy not associated with spinal or joint adjustment.
- ~ laboratory tests, x-rays, adjustments, physical therapy or other services not documented as medically necessary and appropriate, or classified as experimental or in the research stage.
- ~ diagnostic scanning, including Magnetic Resonance Imaging (MRI), CAT scans, and/or other types of diagnostic scanning; thermography.
- ~ educational programs, non-medical self-care or self-help, or any self-help physical exercise training, or any related diagnostic testing.
- ~ air conditioners, air purifiers, therapeutic mattresses, supplies or any other similar devices or appliances.
- ~ vitamins, minerals, nutritional supplements or any other similar type product.

the following **therapies**:

- ~ physical therapy, occupational therapy, or speech therapy to maintain or preserve current functions if there is no chance of improvement or reversal except for children under age 3 who qualify for Early Intervention services;
- ~ group speech therapy;
- ~ group or individual exercise classes or personal training sessions; or
- ~ recreation therapy. This includes, but is not limited to, sleep, dance, arts, crafts, aquatic, gambling, and nature therapy.

the following **vision services**:

- ~ vision services or supplies unless needed due to eye surgery or accidental injury;
- ~ routine vision care and materials except as outlined in this brochure;
- ~ services for radial keratotomy and other surgical procedures to correct refractive defects such as nearsightedness, farsightedness and/or astigmatism. This type of surgery includes keratoplasty and Lasik procedure;
- ~ services for vision training and orthoptics;
- ~ tests associated with the fitting of contact lenses unless the contact lenses are needed due to eye surgery or to treat accidental injury;
- ~ sunglasses or safety glasses and accompanying frames of any type;
- ~ any non-prescription lenses, eyeglasses or contacts, or Plano lenses or lenses that have no refractive power;
- ~ any lost or broken lenses or frames;
- ~ any blended lenses (no line), oversize lenses, progressive multifocal lenses, photochromatic lenses, tinted lenses, coated lenses, cosmetic lenses or processes and UV-protected lenses;
- ~ services needed for employment or given by a medical department, clinic, or similar service provided or maintained by the employer or any government entity; or
- ~ any other vision services not specifically listed as covered.

services or supplies if they are for **work-related** injuries or diseases when the employer must provide benefits by federal, state, or local law or when that person has been paid by the employer. This exclusion applies even if you waive your right to payment under these laws and regulations or fail to comply with your employer's procedures to receive the benefits. It also applies whether or not the covered person reaches a settlement with his or her employer or the employer's insurer or self insurance association because of the injury or disease.

The most detailed description of benefits, exclusions and restrictions can be found in the following which can be requested by calling Member Services at 1-800-421-1880 or 804-358-7390 (from Richmond):
