GHP2015

6th Workshop of the APS Topical Group on Hadronic Physics

April 8-10, 2015 Baltimore, MD

Topics to be Discussed

- Light and heavy quark mesons & baryons
- Exotic hadrons
- Nucleon spin physics & hadronic structure
- AdS/QFT, novel phenomena
- Future facilities
- Lattice QCD
- Physics of the quark-gluon plasma
- Physics of gluon saturation

Organizers

Christine Aidala (University of Michigan)
John Arrington (ANL)
Matthias Burkardt (New Mexico State Univ)
Ken Hicks (Ohio University)
Peter Petreczky (BNL, Chair)
Craig Roberts (ANL)
Susan Schadmand (Forschungszentrum Juelich)
