

GHP Fellowships

- **2018 Fellowship Committee**
 - Garth Huber (Regina), Chair
 - Carl Gagliardi (Texas A&M)
 - Susan Gardner (Kentucky)
 - Eric Swanson (Pittsburgh)
- The committee met two times by teleconference and communicated regularly by email.
- All received nominations were considered meritorious, the caliber of the competition was good.

2018 GHP Fellow

Oscar A. Rondon-Aramayo

(University of Virginia)

For pioneering contributions to the study of quark-gluon correlations in nucleons using inelastic scattering of polarized electrons off transverse polarized proton and deuteron targets to measure the nucleon transverse spin asymmetry A_2 and the associated structure function g_T and its moments.

2018 GHP Fellow

Moskov Amarian

(Old Dominion University)

For pioneering work on Deeply Virtual Compton Scattering and Gluon Polarization with the HERMES experiment at DESY, and a creative and broad program in hadronic physics at HERMES and Jefferson Lab.

GHP Fellowships

- **2019 Fellowship Committee**
 - Ian Cloët (Argonne), Chair
 - Cynthia Keppel (Jefferson Lab)
 - Richard Milner (MIT)
 - Jen–Chieh Peng (Illinois)
- There are many GHP members who would easily qualify for an APS Fellowship if they were nominated. Please consider nominating your trusted colleague or collaborator today!
- **Nomination Deadline:** Monday, June 3
- Nomination instructions available on GHP website.

GHP Dissertation Award

- **2019 Dissertation Award Committee**
 - Tanja Horn (CUA), Chair
 - Michael Birse (Manchester)
 - Jo Dudek (William & Mary)
 - Anne Sickles (Illinois)
 - Karl Slifer (New Hampshire)
- **Criteria:** Dissertation quality (40%),
Student contribution (30%), Impact (15%),
Broader community involvement (15%)
- **Deadline for 2021 competition:**
 - October 2020

2019 Dissertation Award

Jacob Ethier

(College of William & Mary)

For achievements in developing a new approach to global analyses of parton distribution functions with modern statistical methods.
