8th Workshop of the APS Topical Group on Hadronic Physics

Wednesday 10 April 2019

PDFs: I - Director's Row E (14:00-15:10)

- Conveners: Prof. Huber, Garth

time	title	presenter
14:00	Pion Valence Quark Distribution from Lattice Calculable Current-Current Correlations	EGERER, Colin
14:25	Exploring the origin of mass through the properties of pseudoscalar mesons	ROBERTS, Craig
14:50	Parton distribution inside the pion from lattice QCD	KARTHIK, Nikhil

PDFs: II - Director's Row E (16:00-17:20)

- Conveners: Prof. Brodsky, Stanley

time	title	presenter
16:00	The Future synergy between Lattice QCD and Global Analyses of HEP data	HOBBS, Timothy
16:20	Entanglement entropy at small x	DUAN, Haowu
16:40	Parton distribution functions from the light front parton gas model	JIA, Shaoyang
17:00	Minkowski space 4D dynamics for hadrons	FREDERICO, Tobias
