

SIR2005

International Workshop on Semi-Inclusive Reactions and 3D-Parton Distributions

Organizing Committee:

A. Afanasev (JLab, chair)
H. Avakian (JLab, co-chair)
P. Bosted (JLab)
C.E. Carlson (William & Mary)
Z.E. Meziani (Temple U.)

Workshop Topics:

Factorization for hard processes in QCD

3D parton distribution functions:

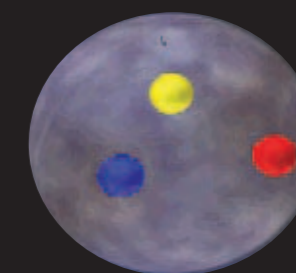

- Transverse momentum dependent distributions
- Generalized parton distributions

Quark orbital angular momentum

Transversity effects

Spin and azimuthal asymmetries

Current and target fragmentation

International Advisory Committee:

M. Anselmino (INFN/Turin U.)
N. Bianchi (INFN/Frascati)
F. Bradamante (CERN)
S.J. Brodsky (SLAC)
M. Burkardt (NMSU)
R.L. Jaffe (MIT)
X. Ji (U.Maryland)
P. Kroll (Wuppertal U.)
E. Leader (Imperial Coll.)
P. Mulders (Vrije U.)
W.D. Nowak (DESY)
J.C. Peng (UIUC)
J. Qiu (Iowa State U.)
A. Radyushkin (ODU)
