Education across the Lab!!

A Lab-wide survey regarding disabilities, including hidden disabilities. Then, letting those with the disability(ies) answer them; anonymously or not.

Bringing people with and without disabilities together in one forum.

Kelly, we've been doing the same for our daughter since middle school. She started college last month and her 504 plan (Federal program) is still in effect at college.
How was this meeting for you? We’re interested in your feedback!

Wonderful!! I wish these meetings were more often; or, that the group could meet outside of the semi-annual groups.
Thank you!
