

TORNADO PREPAREDNESS

Tornadoes Can Strike Year Round. Know How to Respond.

TORNADO WATCH

Atmospheric conditions could support the development of tornadoes.

- Review Emergency Plan placards for nearby Severe Wind Take Cover areas.

- Be prepared to evacuate to a Severe Wind Take Cover area.

TORNADO WARNING

Issued by the National Weather Service when a tornado could be imminent or is occurring.

- Go to Severe Wind Take Cover area. Close office door behind you.
- Stay in Take Cover area until you receive an “All Clear” message or the Tornado Warning has expired.

IF A TORNADO HITS:

- Call 911 to report injuries. Call JLab Security at 269-5822 to report damage and dangerous situations.
- Call your supervisor to report your status.
